AIR RESOURCES BOARD

Executive Order G-70-34-A

Relating to the Modification of the  
Certification of the Parker Hannifin F428  
Vapor Recovery Adapter for Military Delivery Tanks  
To Include  
The Parker Hannifin F428A

Pursuant to the authority vested in the Air Resources Board (ARB) by Health and Safety Code Section 41954; and

Pursuant to the authority vested in the undersigned by Health and Safety Code Sections 39515 and 39516;

IT IS ORDERED AND RESOLVED: That the certification G-70-34 issued on March 29, 1979, for the Parker Hannifin F428 vapor recovery adapter system is hereby modified

1. to include an alternate modified design, the Parker Hannifin F428A, and
2. to allow the use of the F428 and F428A systems on compatible military delivery tanks in addition to the M131 military delivery tank.

The adapter systems are certified for use on military delivery tanks by military personnel. The systems are described in Exhibits I and II attached hereto.

IT IS FURTHER ORDERED AND RESOLVED: that the vapor recovery systems, including the delivery tank, be in compliance with the provisions in Title 19 of the California Administrative Code and, in particular, the provisions of subchapter 11 of Chapter 1 thereof.

IT IS FURTHER ORDERED AND RESOLVED: that the systems certified hereby shall in actual use meet the performance criteria for gasoline delivery tanks adopted by the ARB on April 18, 1977. Compliance with these criteria shall be a condition of this certification and, if not met, shall constitute grounds for revocation, suspension, or modification of this certification.

IT IS FURTHER ORDERED AND RESOLVED: that any alteration in the equipment, parts, design, or operation of the systems certified hereby is prohibited and deemed inconsistent with this certification, unless the alteration has been approved by the undersigned.

Executed at Sacramento, California this 13<sup>th</sup> day of August, 1979.

  
Thomas C. Austin  
Executive Officer
